Ndi Moyo Palliative Care Centre.

The renovation work is almost complete (picture 1). The new Ablutions block (picture 2) and the new Toilets (picture 3) have been built.

This could not have been achieved without all the prayers and financial support that you have given.

My dream is coming true. Thank you with all my heart. Lucy x x

This was taken at the Reception area.. How bright and welcoming it will look for the patients when they come in.

Maureen Morgan, on the right, a very good friend and a trustee of Ndi Moyo has been with me for the past three months, helping with caring for my patients and with setting up an accounting framework. We want to make sure that we have the right framework to build on in the future. Thank you Maureen.
